Already No. 1 in basketball and football, the University of Florida now also leads the state in the sales of specialty license plates.

Figures from the Florida Department of Highway Safety and Motor Vehicles on Tuesday show the state sold or renewed 90,436 UF automobile tags in 2006, edging out the No. 2-ranked "Protect the Panther" tag that sold 87,806. The panther plate was the best seller in 2005.
